Indian Occupation Forces have now detained more than 2,000 people to contain protests in Kashmir. 152 Kashmiri protesters have now been reported seriously injured by pellet guns. India's curfew and restrictions of freedom of movement is causing food and medicine shortages.

There is NOTHING more 'political' and 'anti national' than the shutting down of all democratic rights that is taking place in Kashmir. It is the duty of every one of us to raise our voices against it, we will not stop doing so.

No India, Kashmir is not "back to normal". Opposition MPs are blocked from entering J&K, media remains muzzled, schools are empty, mobile & internet are still down & there is still no word from or info on Opposition leaders & where they're being held.
