Asset Freeze

All States are required to freeze the funds, other financial assets and economic resources which are on their territories at the date of adoption of the JCPOA, and freeze the funds, other financial assets and economic resources which are on their territories at any time thereafter, that are owned or controlled by the individuals and entities that were specified on the list established and maintained by the Committee pursuant to resolution 1737 (2006) as of the date of adoption of 2231 (2015) (List attached with this SRO), and freeze those of additional individuals and entities that may be designated by the Security Council as: having engaged in, directly associated with or provided support for Iran's proliferation - sensitive nuclear activities undertaken contrary to Iran's commitments in the JCPOA or the development of nuclear weapon delivery systems, including through the involvement in procurement of prohibited items, goods, equipment, materials and technology specified in this statement; having assisted designated individuals or entities in evading or acting inconsistently with the

JCPOA or the new resolution; having acted on behalf or at the direction of designated individuals or entities; or having been owned or controlled by designated individuals or entities, including through illicit means.

The above restrictions placed by the UN Security Council are to be applied, without delay and without prior notice, on: (i) all funds or other assets that are owned or controlled by the designated individuals or entities, and not just those that can be tied to a particular act, plot or threat of proliferation; (ii) those funds or other assets that are wholly or jointly owned or controlled, directly or indirectly, by designated individuals or entities; and (iii) the funds or other assets derived or generated from funds or other assets owned or controlled directly or indirectly by designated individuals or entities, as well as (iv) funds or other assets of persons and entities acting on behalf of, or at the direction of designated individuals or entities.

All States are further required to ensure that any funds, financial assets or economic resources are prevented from being made available by their nationals or by any individuals or entities within their territories, to or for the benefit of designated individuals or entities.

The above restriction of the UN Security Council applies on funds, financial assets, economic resources or other related services that are controlled directly, or indirectly, wholly or jointly.

These requirements shall not apply to funds, other financial assets or economic resources that have been determined:

i. To be necessary for basic expenses, including payment for foodstuffs, rent or mortgage, medicines and medical treatment, taxes, insurance premiums, and public utility charges or exclusively for payment of reasonable professional fees and reimbursement of incurred expenses associated with the provision of legal services, or fees or service charges, in accordance with national laws, for routine holding or maintenance of frozen funds, other financial assets and economic resources, after notification by the relevant States to the Security Council of the intention to authorize, where appropriate, access to such funds, other financial assets or economic resources and in the absence of a negative decision by the Security Council within five working days of such notification;

ii. To be necessary for extraordinary expenses, provided that such determination has been notified by the relevant States to the Security Council and has been approved by the Security Council;

iii. To be necessary for the civil nuclear cooperation projects described in Annex III of the JCPOA, provided that such determination has been notified by the relevant States to the Security Council and has been approved by the Security Council;

iv. To be the subject of a judicial, administrative or arbitral lien or judgment, in which case the funds, other financial assets and economic resources may be used to satisfy that lien or judgment provided that the lien or judgment was entered into prior to the date of Security Council resolution 1737 (2006), is not for the benefit of a person or entity subject to the measures in this paragraph, and has been notified by the relevant States to the Security Council; or

v. To be necessary for activities directly related to the items specified in paragraph 2, or to any other activity required for the implementation of the JCPOA, provided that such

determination has been notified by the relevant States to the Security Council and has been approved by the Security Council.

In addition, this provision shall not prevent a designated individual or entity from making payment due under a contract entered into prior to the listing of such individual or entity, provided that the relevant States have determined that the contract is not related to any of the prohibited items, materials, equipment, goods, technologies, assistance, training, financial assistance, investment, brokering or services referred to in this statement; the payment is not directly or indirectly received by an individual or entity subject to the measures in this paragraph; and after notification by the relevant States to the Security Council of the intention to make or receive such payments or to authorize, where appropriate, the unfreezing of funds, other financial assets or economic resources for this purpose, ten working days prior to such authorization.

In addition, States may permit the addition to the accounts frozen pursuant to this paragraph of interest or other earnings due on those accounts or payments due under contracts, agreements or obligations that arose prior to the date on which those accounts were frozen, provided that such interest, other earnings and payments continue to be subject to these measures and are frozen;

Travel Ban

Paragraph 6 (e) of Annex B of resolution 2231 (2015) requires all States to take the necessary measures to prevent the entry into or transit through their territories of the individuals currently maintained on the List placed at Annex. This provision shall not oblige a State to refuse its own nationals entry into its territory.

The measures imposed in this paragraph shall not apply when the Security Council determines on a case-by-case basis that such travel is justified on the grounds of humanitarian need, including religious obligations, or where the Security Council concludes that an exemption would otherwise further the objectives of the new resolution, including where Article XV of the IAEA statute is engaged;

Cargo Inspection

All States are called upon to facilitate full implementation of the JCPOA by inspecting, in accordance with their national authorities and legislation and consistent with international law, in particular the law of the sea and relevant international civil aviation agreements, all cargo to and from Iran, in their territory, including seaports and airports, if the State concerned has information that provides reasonable grounds to believe that the cargo contains items the supply, sale, transfer, or export of which is being undertaken contrary to the provisions contained in the JCPOA or this statement; and are called upon also to cooperate in inspections on the high seas with the consent of the flag State, if there is information that provides reasonable grounds to believe the vessel is carrying items the supply, sale, transfer or export of which is being undertaken contrary to the provisions contained in the JCPOA.

7. NOW THEREFORE, the Annex to this order contains the consolidated list of all designated individuals and entities that were specified on the list established and maintained by the Security Council Committee established pursuant to [resolution 1737 \(2006\)](#) as of the date of adoption of [resolution 2231 \(2015\)](#) (20 July 2015), with the exception of individuals

and entities who were delisted on Implementation Day of the JCPOA. There currently are 23 individuals and 61 entities on the 2231 List.

8. AND WHEREAS, additional individuals and entities may be designated by the Security Council as having engaged in, directly associated with or provided support for Iran's proliferation - sensitive nuclear activities undertaken contrary to Iran's commitments in the JCPOA or the development of nuclear weapon delivery systems, including through the involvement in procurement of prohibited items, goods, equipment, materials and technology specified in this statement; having assisted designated individuals or entities in evading or acting inconsistently with the JCPOA or the new resolution; having acted on behalf or at the direction of designated individuals or entities; or having been owned or controlled by designated individuals or entities, including through illicit means.
